## Project

---

### 1. Project title : Sneakers is my Fashion- e-commerce website

Developed a responsive e-commerce website for sneakers, featuring categorized product listings (men, women, offers), resulting in enhanced user experience. Designed and implemented key website sections: Homepage (trending products, deals), About (brand story), Blog (content marketing), and Contact (customer inquiries). Utilized Technologies: HTML, CSS, JavaScript to build a user-friendly and visually appealing interface.
